What do I have to pay particular attention to?

If the employer contributes to the relocation costs, you are not entitled to the full financial assistance listed on this information leaflet.

To enter and reside in an EU country, you need a valid passport or ID card and, for non-EU citizens, a valid residence permit. Please inform yourself in advance about any obligation to register according to residential law in the country of destination. In Germany, there is a legal requirement to register your address with the local authorities. Upon registration, you will receive a certificate of registration.

Applicants are responsible for arranging their own health and travel insurance.

If the preparatory language course is already taking place in the destination country, it is not possible to apply for financial support for the relocation.

Special information:

Financial support will only be covered as long as funds from another EU Commission mobility scheme for this measure have not been received.

The project ends on 30/09/2025. All supporting documents must be submitted **by 31/08/2025**.

There is no legal entitlement to payment of financial support until the application has been approved by the TMS team.

The approval of applications is subject to the availability of funds.
