

Agnieszka would like to be taken on by the International Placement Services....

IPS: Which languages do you speak? Can you already speak some German?

A: My native language is Polish. I have good language skills. I learnt German for five years at school.

IPS: Ok! Do you already have work experience?

A: I worked for twelve years as a hairdresser. But I'd like a change now.

IPS: Do you want to work in a particular industry?

A: I'm not sure. I know I like working with people!

A: I have family in Poland so I'd like to be able to visit them now and then. A place not too far from the border would be good.

IPS: That's a good start! So more of a service-oriented position?

IPS: Would you like to live and work in a particular place in Germany?

A: Yes, that fits quite well to me!

Determination of potential
