

Andrea contacts the Virtual Welcome Centre...

A: Hello, I'm Andrea and I'm interested in Reactivate because I'd like to live and work in Germany.

VWC: Hello Andrea! If you are an EU-citizen with residency in an EU member state then you are at the right place!

A: I'm from Italy, so I am eligible.

A: I'm actually looking for a job right now. I've worked as a chef and a driver? Is that ok?

VWC: Super! Tell me about yourself! What have you learned or studied? Are you currently employed?

IPS: Of course! The Reactivate programme offers jobs, work experience, and apprenticeships for people over 35 years.

A: That's good to know! But how can I look for a job? I'm in Italy right now.

VWC: First, you have to be registered with the International Placement Services. You will receive personalised advice and support.

A: Could you send me the contact details? That would be great!

VWC: You can send me your CV and contact details via email and I can forward everything on. An advisor will then respond to you personally.

A: Ok, that's great! Thanks a lot!
